

DOUXO Micellar Solution

1- Identification of the product and the company

Name: **DOUXO Micellar Solution**
Type: Liquid
Normal use: Hygiene and cosmetics for animals
Manufacturer: **Laboratoire SOGEVALSA** 200 Avenue de Mayenne
BP2227
53022 LAVAL Cedex
FRANCE
Tél: +33 (0)2 43 49 51 51
Fax: +33 (0)2 43 59 97 0

Emergency phone number: INRS: +33(0)1 45 42 59 59

2- Composition/information about components

Representative dangerous compounds:

- **Ethyl alcohol 95%**
N°CAS: 67-56-1
N°CE: 200-659-6
Content < 6.0% F R11

3- Identification of hazards

Main hazards:
None.

4- First aid

Generally, in case of any doubt or if symptoms are persistent, always consult a physician.
NEVER give something to ingest to an unconscious person.
Reminder: An unconscious person should be placed in security position.

Rinse the mouth. Do not drink or vomit. Show the label to a physician if necessary.

5- Firefighting measures

In case of fire, the recommended extinction agents are:
All authorized extinction agents: foam, sand, carbon dioxide, powder.

Unadvised extinction agents:
None.

Particular hazards, combustion residues, released gas:
Carbon monoxide, carbon dioxide.

Special equipment for firefighters:

MATERIAL SAFETY DATASHEET
(Presentation and editing conform to the modified European Directive
EEC/91/155)

Firefighters should be equipped with isolating self-contained respiratory protecting devices.
Full protection once-piece coverall.

6- Measures in case of accidental release

Individual measures:

Floor can be slippery because of spilled product.
Refer to measures indicated in paragraph 7 and 8.

Environmental measures:

None in particular.

Cleaning instructions:

Rinse abundantly with clear water.
Do not refill the container with the spilled product for further use.

7- Storage and handling

Instructions relating to storage are applicable to buildings and places where the products are handled.

Handling: Avoid contact with the eyes.

Storage:

Keep the container closed and in a dry place.
Keep in the original container only.
Do not store beyond the expiration date indicated on the container.

8- Control of exposure/individual protection

Technical measures: No special measure necessary.

Respiratory protection devices: No special measure necessary.

Hand protection: No special measure necessary.

Face and eye protection: Avoid contact with the eyes.

9- Physical and chemical properties

Density:	unspecified
Odor:	unspecified
Color:	unspecified
Solubility in water:	unspecified
Vapor pressure of volatile components at 50°C:	not relevant
Physical state:	fluid emulsion
Flash point interval:	not relevant
pH:	around 7
Spontaneous combustion temperature:	unspecified
Decomposition temperature:	unspecified
Fusion temperature interval:	unspecified
Medium temperature for the distillation of solvents:	unspecified

10- Stability and reactivity

The product is stable under the storage and handling conditions stated in paragraph 7 of this MSDS.

Unadvised conditions: Do not mix with other products.

Unadvised material: None known.

Decomposition hazards: None known.

11- Toxicology information

No data available.

No component indicates that the product could represent a toxicological hazard.

12- Environment information

No data available.

Aquatic toxicity: No data available.

No component indicates that the product could represent a toxicological hazard.

13- Special precautions for disposal

Wastes:

Recycle or dispose of according to national requirements.

14- Special precautions for transport

ADR / RID	Not listed
IMDG	Not listed
IATA	Not listed

15- Regulatory information

The product is not listed as hazardous.

16- Other information

The environment and working conditions of the persons handling the products not being known to us, the information contained in this MSDS are based on our knowledge as well as on the national and EU regulations.

The product should not be used for other purposes than indicated in paragraph one without the receipt of written special handling instructions.

It is the responsibility of the user to take all necessary actions to comply with local laws and regulations.

The information contained in this MSDS should be considered as a description of the security requirements relating to the product and not as a guarantee of the product's properties.

It is recommended to pass the information contained in this MSDS to the end user, in a suitable presentation if necessary.

All information contained in this MSDS refers only to the specified product and cannot be valid if the product is combined with other material.
